About Us

RoofConnect is the largest national commercial roofing services provider. RoofConnect has the ability to perform every aspect of commercial roofing service that may be required even in the most demanding of facilities. Core competencies include: Roof Leak Service 24/7/365, Emergency Response, Repairs, Capital Projects and Roof Asset Management. RoofConnect has over 200 networked locations, with over 7,000 employees strategically placed across the country. Each location is locally owned and operated, yet can be deployed as part of a national program effort to meet the rigorous demands of a nation program request.
